About Our School!

Founded in 1995 in Bellevue, Washington, Three Cedars Waldorf School offers the highest standard of Waldorf education to students in preschool through grade eight on the Eastside and its surrounding region.

## Mission

We educate our students to fulfill their highest potential – think clearly, feel deeply, impart meaningful purpose to their lives, and actively contribute to the positive development of society.

## Educational Philosophy

Waldorf education is based on the pedagogical insights of Rudolf Steiner, his corresponding views of the stages of human development, and the ongoing research of the international Waldorf Movement. Through a broad, rich, and unique curriculum, we guide our students to their fullest potential – ethically, intellectually, socially, artistically, and physically – while inspiring a life-long love for learning.

## Our Commitment

### Developing Capacities

*We educate our students to create the future.*  
Our curriculum and teachers inspire creativity and a genuine, life-long love of learning.

### Academic Mastery through Art

*Imagination in the service of the intellect.*  
Performance arts, music, movement, fine arts, and practical arts are fully integrated into our academic curriculum to enhance the students' physical and emotional well-being, intellectual capacities and performance, and healthy moral development.

### Connection to Our Natural and Social Environment

*We nurture reverence for nature.* We cultivate beauty, harmony, and sustainability in all aspects of our environment – physical, relational, local, and global – through our practice of environmental awareness and stewardship.

### Community

*More than a school for our students – a village for our families.* We create a safe and affirming environment within a vibrant community. We foster a welcoming environment through open and considerate dialogue, create a culture of mutual trust, and strive to understand and embrace all differences. We belong to the fastest growing school movement in the world, with over 1,000 schools worldwide. Our international community will celebrate its 100th Anniversary in 2019.
