**Heads-up to families and single parents:**

# Granny Aupair sends German grandmas abroad

**Looking for loving care for your child?  
Why not invite an experienced Granny  
as Au Pair to your home?**

## **Advantages:**

Our women are 50 plus, most of them have brought up children, they can cook and tell wonderful fairytales known in 'good old Germany'.

## **Idea:**

Our initiative is based on the au pair concept of mutual help: The Granny helps with housekeeping, but food and accommodation are free. Of course it is not only about childcare and housework. The family gets more in return: cultural exchange!

## **Contact:**

Families and single-parents who would like to invite a Granny for a few months are encouraged to call Granny Aupair at **0049 (0)40-23 51 77 54** or send an e-mail to **michaela.hansen@granny-aupair.com**
