

The Eastside Community School seeks a grade 1-8 Spanish teacher to join our dedicated faculty, staff and supportive Waldorf inspired community.

Our Spanish teacher is responsible for guiding each class with lessons that meet the needs of each developmental stage based on Waldorf pedagogy. In the early grades this is brought through songs, games, and poetry, as well as basic vocabulary and simple conversations on everyday topics. Additional levels of fluency and the mechanics of vocabulary and grammar are developed in the middle school grades. The position will include weekly classes with additional time for staff meetings, day and evening assemblies, festivals and parent teacher conferences.

The ideal candidate is a fluent speaker with Waldorf training and experience teaching in a Waldorf classroom using respectful and effective classroom management techniques. We are looking for pioneering spirit who possesses strong listening and communication skills and is enthused about working closely with colleagues to carry Waldorf Education into its new century.

Our inspired and cohesive faculty and administration is deeply committed to providing our students with an exemplary Waldorf education. In addition to Spanish, our programs include Eurythmy, Japanese, Handwork, Movement & Games, Strings, Practical Arts, Choir, and Woodwork (depending on the grade).

Our School

Our school is nestled in the Wilburton neighborhood of Bellevue on 5 wooded acres. Although ECS is new, our community of faculty, staff, parents, and 110 (and growing) children are not--we have operated as a school for over two decades. The current Three Cedars campus will be shuttered as the result of financial decisions in our managing school in June 2018. However, a dedicated group of parents, faculty, and wider community members have come together to improve and continue our school.

Compensation

Salary is commensurate with experience. Benefits include health insurance, long-term disability insurance, partial tuition remission, and the possibility for professional development support and mentoring.
