

ADULT EDUCATION:

Childhood from Birth through Age Seven

Explore how the Waldorf curriculum works with the developing young child and how to support healthy development.

Johanna Steegmans

was born, raised, and trained as a pediatrician in Germany, and moved to Seattle in 1989. She completed her training in Naturopathic Medicine at John Bastyr University, and was on the founding faculty of Sound Circle Center, teaching Early Childhood courses and the Foundation Year. Now, she travels and teaches here, in the USA, and abroad.
